Describe your company culture

Our drive and control technologies ensure efficient, powerful and safe movement in machines and systems of any size. We inspire our customers with intelligent components, tailored system solutions, and services – from fully connected applications to the factory of the future. Bosch Rexroth is dedicated to making the world a better place through innovation and technology. We are looking for associates who will take on our customers' challenges with passion and persistence

until the right solution is found and who will thrive in a face-paced, collaborative and exciting environment.
