Yes

What technology or markets do you focus on?

Technology – hydrostatic and electric drive systems; Markets – Lawn & garden/outdoor power, agricultural, construction, and other equipment

Describe your company culture

Headquartered in Sullivan, IL, Hydro-Gear was founded in 1991 and has since become a world leader in the design and manufacture of precision drive solutions for the industrial, commercial, and consumer markets. Hydro-Gear was formed to provide hydrostatic drives for the turf market and now provides drives and motors for the agricultural, recreational, snow removal, and other specialty markets.

Hydro-Gear is best known for our infinitely variable hydrostatic transmissions and transaxles, variable displacement piston pumps, wheel motors, and electric drive systems.
