### **Describe your company culture**

ROSS designs and manufactures pneumatic valves, control systems, and is universally recognized as the global leader in fluid power safety solutions and poppet valve technology. ROSS provides standard products and customized ROSS/FLEX® solutions for industrial machinery and automation applications.

Selling to original equipment manufacturers and end-users throughout the world, ROSS reaches its global customer base through manufacturing and distribution facilities located in the United States, Germany, France, United Kingdom, Japan, China, Brazil, India, and Canada augmented by a worldwide network of stocking distributors for a truly global customer service capability.

ROSS, a global family of companies, operates under several different brands including ROSS Controls, Automatic Valve, DECCO, Pneumatrol and manufactIS. As a family-owned company, employees are the cultural foundation of the company. Being AGILE is critical to the success, which is dependent on employee Accountability, a customer Growth focus, Innovation, Lean processes and a all around Energy for the business.
