Polymer sealing and bearing products

Describe your company culture

Trelleborg Sealing Solutions is one of the world's leading developers, manufacturers and suppliers of precision seals, bearings and custom-molded polymer components. It focuses on meeting the most demanding needs of aerospace, automotive and general industrial customers. Its network extends to over 25 production facilities and more than 50 customer solution centers globally. The business area accelerates the progress of its customers through outstanding local support, an unrivaled product range including patented products and proprietary materials, a portfolio of established brands, unique

process offerings, its ServicePLUS value chain solution and 'Ease of Doing Business' philosophy.
